MEMORANDUM

US EPA RECORDS CENTER REGION 5

487480

To: Sonia Vega
From: Brad Taylor
Date: April 4, 1995
Subject: SCA Services Barton\ Laidlaw Waste Systems Inc.
ILD 00670935 L 1190900002

Laidlaw Waste Systems, Inc.
Cahokia Rd. Sanitary Landfill
P.O. Box 97, Cahokia Rd.
Roxana, Illinois 62084

SCA Services Barton Landfill is a site which was scheduled for a Site Inspection Prioritization on March 6, 1995. During the site reconnaissance, information pertaining to the site's operating status was obtained from Laidlaw personnel. It was learned from Laidlaw that the site is permitted by the IEPA to operate a solid waste landfill. In this permit, the landfill is required to monitor the groundwater and surface pathways every quarter through sampling.

The current status of the SCA landfill site is being addressed under RCRA authority. Pathways of concern are being policed under RCRA Subtitle D. Therefore, because the site falls under RCRA supervision it is not necessary at this time for CERCLA Site Assessments Unit to conduct an investigation.

In consideration of the facts stated above, it is my opinion that SCA Barton Services be given a No Further Action (NFA) at this point in time.

Should you have any questions please contact at 217-524-1660.

Sincerely,

Brad Taylor
